LIBERTY PARK JOINT VENTURE – ENVIRO SERVICES, LLC
1000 Urban Center
Suite 235
Vestavia Hills, AL 25242

**RE: Liberty Park CWF Capacity Expansion
EOS Project No. ES-20045**

ADDENDUM No. 3

The changes, modifications and / or additions covered by and set forth in this Addendum No. 3 shall become part of and be incorporated into the Specifications, Contract Documents, and Bid Documents for the above referenced project.

GENERAL

1. Upon completion of the work, an asphalt wear course shall extend over the existing asphalt surface. Existing asphalt shall be milled 1" full width mill, followed by a 1" thick wear course to match the elevation of the proposed asphalt. Payment shall be included under line item No. 2.
2. The Owner will provide a site for hauling and disposing any spoil material which is not disposed of onsite. The proposed site will be located within the Liberty Park development and located within a 1 mile radius of the Liberty Park CWF. Disposal of material shall be coordinated with the Engineer.
3. Sencillo has been pre-approved as alternate water reuse pump package. Sencillo is represented by Southern Water Technologies (Richard Childrey, phone: 256-686-2682).
4. EDI has provided an alternative diffuser assembly for the post aeration unit. An approved option is the 9" ISM disc, mounted on 3" piping and the use of SuperStruts as the pipe supports. The alternative is acceptable and considered an equivalent to the specified product.

This Addendum No. 3 shall be attached to the front of your set of Specifications and made a part of the Specifications and Contract Documents. Acknowledgement of Receipt of Addendum No. 3 shall be provided by email to our office.
